About me

I am a passionate and detail-oriented Frontend Developer with 3 years of professional experience in building responsive, user-friendly, and visually appealing web applications. Skilled in HTML5, CSS3, JavaScript, jQuery, Bootstrap 5, and Angular, I specialize in creating seamless UI designs that enhance user experience. I also have hands-on expertise with Figma and Canva, allowing me to translate ideas into modern and engaging interfaces. With a strong problem-solving mindset and dedication to writing clean, efficient code, I strive to deliver high-quality web solutions that meet both business and user needs.

Experience

Sandvok Software pvt Ltd   Jan 2019 - Jan 2020

Frontend Developer

- Built responsive and user-friendly web applications using HTML5, CSS3, JavaScript, jQuery, and Bootstrap 5.
